# Cristian Gutierrez Gonzalez

Senior Software Architect & Team Lead | Scrum Master | Expert in React, React Native, Typescript & Node.js | Relocating to Spain (DNV-In Progress)

Spain

## Summary

Senior Engineering Leader with 14+ years of experience building high-impact digital products across the US, Middle East, and LATAM. > I specialize in scaling frontend architectures and leading high-performing cross-functional teams. Currently, I balance three core roles: Scrum Master, Team Lead, and Senior React Native Developer, ensuring technical excellence while maintaining agile delivery standards.

Core Technical Expertise: > \* Frontend: React, React Native, TypeScript, Redux, Next.js.

Backend: Node.js, PHP (Laravel/Yii), SQL Server, MySQL.

Leadership: Agile/Scrum (Certified), Coaching, Team Mentorship, and Architectural Design.

From developing OTT platforms in New York to leading FinTech projects in Dubai (Banque Saudi Fransi), I have a proven track record of delivering user-centric solutions that solve real-world problems.

Relocation Status: I am currently willing for relocating to Spain under the Digital Nomad Visa (DNV). I am fully independent regarding work authorization and taxes, looking for long-term remote partnerships with global organizations.
